

an inspired look ahead

global

corby™ | new century modern

Introducing the Corby Collection of wood veneer desks, tables and storage elements. Christopher Wright has reflected on the mid-century modern vernacular to design a unique series of workplace furnishings that reward a new generation of pioneers and nation builders.

# Luray™ | all day long

As the workplace continues to change, meetings and conferences can still be long days with demanding agendas. Luray provides ample proportions and full back support in an upholstered seating series to keep participants at their best. The polished aluminum arm can be specified with a urethane or wood top cap. Contrasting stitching is also available to complement a wide selection of Global textiles and quality leather coverings.

## river™ | a quiet harbor

Bring people together in a place where ideas, insight and inspiration can be shared. River supports an endless array of curvilinear and rectilinear configurations with three back heights and benches. Seating and tables can be specified with power and USB outlets for mobile devices. An optional HT construction lets River overachieve in high traffic, high demand environments such as airports and universities.

## bakhita™ | no ordinary plastic chair

At last, a one-piece, indoor/outdoor, plastic stacking chair that exceeds BIFMA standards for workplace, hospitality and educational applications. The 2K molding technology is complex; the result is sturdy, durable and designer friendly. Available with and without arms in a neutral palette that will fit in everywhere.

# vion™ | keeps getting better

Our best selling work chair is now available in 10 mesh colors and a new fog grey frame finish. Vion reaches out with five different control mechanisms, two back heights, two arm options, an upholstered back option and a full complement of side chairs, armchairs and stools.

## sidebar™ | working together

As we step beyond the 'cube farm' and look for better ways to work together, SideBar responds with a diversity of benching and collaborative workplace formats. A range of surface and storage heights, flexible footprints, personal touch points and a fully-integrated 4 circuit, 8 wire system fulfills the power and data requirement. Finish the fit with our Vion seating series.

## ml™ park | the forever style

Simplicity. Proportion. Balance. Execution. These are the attributes of ML Park that endure the coming and going of style. The series includes a lounge chair, a sofa in two widths and an ottoman. Each is available with loose or secured back cushions and an optional seamless seat to support the interior application. Designed by Richard Eppstadt.

# novello™ | by alessandro piretti

Introducing Novello, an innovative and dynamic expression of material science that synchronizes the seat and back with every movement. Available in ivory cloud, fog grey or black with an optional upholstered back cushion. Designed exclusively for Global by Alessandro Piretti.

## camino™ | tailored to impress

Camino is tailored to impress with transitional lines that complement both contemporary and traditional interiors. Make it yours with Global's high-performance textiles, vinyls or leathers. Piping is available on the arms, seat and back cushions for a formalized look. Polished aluminum legs are also available on this new series. Coordinating coffee and end tables in both wood solids and laminates complete the collection. Designed by Chris Carter.

# solar™ | workflow

A beautifully fluid structure and integrated mesh surface are unique to this new design from Paul Brooks. The one-piece frame and matching base is available in Alabaster and Asphalt along with four coordinating mesh colors. An integrated swivel tilt mechanism supports meeting and collaborative applications, backed by Global's Lifetime Warranty.

## princeton™ | the graduating class

Princeton is the original and continues beyond the work cubicle with new applications and new ways of working. Princeton tables integrate with storage and workplace components to create meaningful collaboration spaces with power and USB charging points for mobile devices. Refined touch points, thoughtful proportions, and quality construction make Princeton a solution that will outperform your expectations.
