AT OUR CORE

WE ARE COMMITTED TO

AND OUR MISSION IS TO **BLESS OTHERS**

WE SERVE OUR PEOPLE AND CUSTOMERS BY INSPIRING HEALTHY, SAFE, AND ADAPTABLE ENVIRONMENTS THAT CREATE SPACE FOR EVERYONE TO **CONNECT AND BELONG.**

Soft seating is all we do, and foam is all we do it with. It's what makes us the foam experts! Our expertise in foam is unmatched, and we take pride in our unique single-cut foam construction that not only makes our furniture more sustainable and cost-effective but also ensures its durability under high usage. With hundreds of color options in fabrics and vinyl, as well as other finishing options, you can be sure our furniture will fit your unique needs. No other company creates quality, stylish, comfortable soft seating backed by a lifetime warranty* like we do at Fōmcore. Give us a chance to prove ourselves and experience the transformation Fōmcore soft seating can bring to your space.

*See page 65 for lifetime warranty details.

IT'S ALL IN THE DETAILS

SO MUCH MORE THAN JUST AN OTTOMAN

CUSTOMIZATION VS. MODIFICATION

CUSTOMIZATION

- Work with our design and engineering team to create a completely custom design
- Create or design any shape, even abstract (ex. dolphin, airplane, star, etc.)
- Typically, there is no extended lead time for custom orders once the drawings have been approved

MODIFICATION

- Modify any of our standard pieces by altering the height or width
**In many cases there is no additional charge to make this change.*
- Other modifications available:
 - Thread/zipper color
 - Glides, legs, casters
 - Power options
 - TFL work surface
 - Embroidery
 - Weather resistant
 - Textile option and placement

CUSTOM PIECE

MODIFIED PIECE

CONSTRUCTION

- Solid foam construction means there is no internal wood frame
- Foam fabrication is done in-house with 600lb buns of foam
- Each product is sewn with double seams to ensure the strength and integrity
- Marine grade nylon thread is not only strong, but it also holds up to both light and moisture
- The rounded edge on our wood base protects the textile from cracking or ripping
- With each shipment, you receive a custom-made Klever Kutter to cut open packaging - not your product
- Machines are not creating our product - people are! We have a robust training program to ensure each team member is a true craftsman in their department
- All promoted textiles are tested and approved for use
- Engineers are in-house and hands-on; they develop and test products to make sure they meet BIFMA standards
- Our precision cutting equipment allows for endless shapes, sizes, and customization
- We stand behind our products with a lifetime warranty* See page 65 for details

ZIPPERED VS. UPHOLSTERED

ZIPPERED

- Solid foam construction
- No wood base
- No pinch points
- Zipper sealed from the inside, so fabric won't come undone
- Can be utilized in multiple ways

UPHOLSTERED

- Solid foam construction
- Upholstered to wood base with rounded edges to protect textile
- High-quality black fabric with black staples to cover the bottom
- Allows for the modification of legs, glides, casters, and power

ZIPPERED

UPHOLSTERED

NEST SERIES

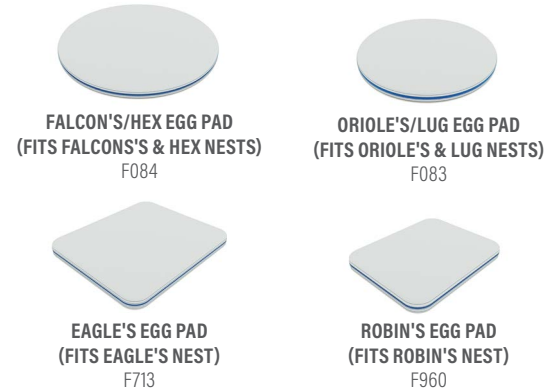

Our patented Nest Series is where mindfulness and reflection meet. The perfect spot for a little alone time and reflection. The fully zippered and solid foam construction allow for lightweight and easy movement. The Nest Series is a comfortable and safe area to curl up to sit and read or flip on its side to engage with others as a collaborative space.

Our patented design!

*Fit multiple Pads inside a Nest
Nest and Pads are sold separately*

Available in Chelsea Maple and Gull Grey

Inspiration can be found in numerous ways and from countless sources. One can find inspiration in a conversation with a friend, a song that pops up on our playlist, or from a walk outside. The students at Desert Hot Springs HS in Desert Hot Springs, California, particularly inspired us. Together with one of our dealer partners, we collaborated with a Career Tech class of Juniors at DHSHS for our first-ever "For Students by Students" project. We had a simple premise: Connect with students and staff at a local school and craft a tailor-made curriculum, allowing students to design a unique piece of furniture that serves a purpose in their classroom. We were amazed by the students' creations! Under the guidance of their Career Tech teacher, Stacy Ward, the students had to come up with "mindful" designs of furniture that would help students relax and realign. For three months, students worked in teams, thinking about the construction and design elements, along with engaging in philosophical conversations about how space affects our emotions, and the purpose furniture should serve in such spaces.

At the end of three months, students presented their ideas and, in the end, landed on the "NEST", a versatile piece that lets students either interact with a group or have a moment of quiet. The students received a NEST for their school, a \$1,000 grant, and they were given the opportunity to learn and discover with a real-world application.

STUDENTS FROM DESERT HOT SPRINGS HIGH SCHOOL

STEP SERIES

The finely crafted Step Series is built to impress and function in any environment. Solid foam construction means there are no hard edges, and they are light and convenient to move. The perfect solution for creating useful, collaborative seating in even the most unlikely spaces, turning hallways and corridors into collabor-idors! The entire line from the Step Series can be fit together to create countless arrangements.

IDEA STARTERS

NETWORK SERIES

With our lightweight, solid foam construction, you can maneuver the Network Series into endless combinations. Meetings, gatherings, and even quick chats will flourish in your purposefully curated spaces. Showcasing the variety of geometry from the Network Series, your creativity has no bounds to craft the proper environment for any situation.

CAMPFIRE COMBO

EDUCATIONAL STORY

The new Campfire Combo is a perfect arrangement for students to gather for group time and shared learning. By design, the Campfire Combo draws students in; gathering them around a shared "Foam Flame" focal point. With 3 different colors of foam triangles, the Foam Flame serves as an interactive instructional tool for facilitating a group. Teachers can quickly split students up to gather around one of the 3 flames for group break outs (ex: "Red Flames, let's gather on this side of the campfire; Yellow Flames, over on the other side").

Other possibilities include the flexibility it gives teachers in providing directives based on what color flame a student is holding (ex: "When the Orange Flame is passed to you, share a time something made you laugh. When you receive the Yellow Flame, turn to the person next to you and give them a compliment"). Further, the Log Ottomans are constructed of solid foam making them lightweight and durable, perfect for students to rearrange yet strong enough for the demands of the classroom.

Log Ottomans are displaying our custom Tree Bark & Rings textile.

WHY FOAM?

SEE THE DIFFERENCE.

NOT-SO "SOFT SEATING"

FŌMCORE

LIFETIME WARRANTY

Our craftsmanship and attention to detail is what allows us to offer a lifetime warranty.* While other products deteriorate over time due to poor structure, our high-quality foam guarantees your Fōmcore products will withstand the test of time.

QUALITY FOAM AND DENSITY

When thin, cheap foam is wrapped around a wood base, it will deteriorate quickly causing puddling. We use the highest quality, 35#, 70#, and 100# foam possible and have formulated our own proprietary formula for maximum durability.

SOLID FOAM vs. WOOD FRAME

While most of our competitors use a wood frame covered by thin layers of foam, our use of solid foam allows for better durability and flexibility. Adapt the space in any environment with ease while at the same time knowing it won't lose its shape over the years.

NO PINCH POINTS

There's no need to worry about squishing any fingers or toes with any of our fully zippered pieces, making our active seating a fun and safe choice.

CUSTOM SHAPES

Because we use solid foam construction, we are able to create and cut an endless variety of custom shapes on our foam saws. From dolphins to dog bones, our team is ready to bring any idea to life.

LIGHT vs. HEAVY

Our lightweight foam construction allows for adaptability in a variety of environments. Other not-so soft seating can be heavy and bulky and difficult to re-arrange quickly and efficiently.

SOFT EDGE vs. HARD EDGE

When fabric is stretched around a thin layer of foam and wood frame, you can feel it! With solid foam construction you will never feel a hard edge no matter how hard you push into the top of the furniture, making it a safe option for virtually any environment.

WATCH A VIDEO ABOUT HOW OUR FOAM COMPARES WITH THE COMPETITION.

CUSTOMER SERVICE

INFORMATION & MORE

PURCHASE ORDERS

Be sure to include:

1. Quantity
2. SKU Number
3. Description
4. Pattern name and color choice
5. Color guide for items requiring one
6. Price for each item

Fōmcore accepts orders via:

- Email: sales@fomcore.com
- Contact your regional sales director

Modification of orders must be submitted to Fōmcore in writing within 48 hours of initial sales order acknowledgment. In some cases, a change order fee may be charged if work is in progress or custom products are involved.

TERMS

Invoice terms for credit accounts are Net 30 days. Orders are invoiced on day of shipment. New customers and international customers are cash in advance.

SHIPPING - LEAD TIMES

All furniture is made to order. Shipping date is confirmed upon receipt of order. Every attempt will be made to meet that shipping date, however, it is subject to change without prior notification. Fōmcore reserves the right to discontinue products and change product specifications and prices. Fōmcore delivers to all 48 contiguous states. All orders delivering to other states and international locations are FOB Muskegon (zip code 49442), Michigan.

WARRANTY

Product manufactured by Fōmcore is warranted to be free of defects in material and workmanship under normal use for the lifetime of the product, unless otherwise noted.* Product must be properly cared for, maintained, and in use by its original owner. This warranty is non-transferrable, and damage/defects that occur in transit or by acts negligence, abuse, abnormal usage, misuse, accidents, or alterations nullify the warranty. Conditions resulting from the normal aging and wear of textile(s), filling material(s), and finish(es) are excluded from this warranty. As Buyer's sole remedy under this warranty, Fōmcore, at its option, will credit, repair, or replace damaged product at no charge to the original owner of record provided the replacement or return has previously been authorized by Fōmcore under terms of this warranty. It is expressly agreed that this remedy of repair, replacement, or credit, at Fōmcore's option, is Buyer's exclusive remedy under this warranty. This warranty is non-transferrable. In no event shall Fōmcore be liable for consequential damages.

**Weather resistant product is warranted for three (3) years from the date of product shipment.*

OUR COMMITMENT TO THE ENVIRONMENT AND SUSTAINABILITY

As the foam experts, our unique foam life cycle represents our continued commitment to the care and health of our environment and customers.

Our shop begins with selecting high quality materials to produce your customizable pieces. One of our steps in eliminating ALL waste is efficiently cutting into the foam into the shapes and sizes. The excess from

our Amoebas, Rounds, and Lily Pads, for example, is shredded and recycled for products such as carpet padding and insulation.

An additional way we care about you and our environment includes exceeding the expectations and standards in the furniture industry. We earned the Clean Air Gold Certification for our foam and fabric. This means our products have been independently tested by industry leaders for emissions into the ambient air. What does this mean for you? You can breathe easy in your workplace.
